WELCOME to your *Riverside Celebration at the Belknap Mill*

Where history and versatility come together to give you the wedding of your dreams.

This magnificent brick structure, rich in history and character, offers a wonderful place for truly unforgettable events. We are committed to our mission of serving our community; providing a beautiful experience at an affordable price.

OUR LOVE STORY...

Established in 1892, the Belknap Mill stands tall on the Winnepesaukee River as the last remaining, unaltered brick textile mill in the country. Showcasing its historic structure, the industrial brick walls are exposed within each space, and are accompanied by the rustic timber columns and beams that keep the building standing. With nearly 200 years of history, the Mill's character cannot be duplicated.

FOR LOVE, WE CAN DO ANYTHING...

With multiple spaces to choose from and unlimited layouts, we are proud to offer the versatility you need to make your wedding dreams a reality.
